I broke my right shoulder bone on October 23 incapacitating my right arm, and I've spent the past two months trying to keep the RFA website on course without all my facilities. I'm starting to heal now and have recovered the use of my right hand for typing and other work, so I'm slowly catching up with our programming.

This month marks 15 years since Larry Hayden, Hank Botwinik and I incorporated Radio Free Amsterdam on January 1, 2005 just weeks after the 22<sup>nd</sup> of November 2004 when we started podcasting the John Sinclair Radio Show.

During these many years of internet programming I think we have devised an exciting lineup of blues, jazz, R&B, soul and free-form programming that bears continuous listening by pushing the 24/7 button on our home page and hearing hour after hour on end of Radio Free Amsterdam programming—just like a real radio station. We're up to date for January and tomorrow I'll send you Program Guides from October, November & December for your files. All these programs are posted and in the stream.
